Cut Policy for Middle School Sports

Interest in participation varies by sport. Unfortunately, this means that certain teams have too many participants for all to receive reasonable instruction and play time. These teams may undergo a cut process. This means that the coach will add a limited amount of athletes who will represent the school for official competition on the roster. A second team may be formed. This is dependent on student participation and coaching availability. Students who do not make the cut for the first team may participate on the second team. The following bullet-points summarize the cut policy.

- Teams may undergo a cut process if the coach and Athletics Director decide there are too many participants.
- Students who do not make the first team may participate on the second team (if available).
- Students on the second team may at any point be asked to participate on the first team.
- Athletic fees do not change whether or not a player is moved from the second to the first team.

By signing below, I acknowledge that I have read and understood the Cut Policy for Middle School Sports. I recognize that participation on an official Middle School Sports Team is not guaranteed. When faced with the cut process I will abide by the coach's decision.
